

Updated: 02/9/07 6:00pm

Preamble

Good evening. This is (your callsign) , and my name is (your first name) . I will be tonight's net control. Welcome to the Wednesday Night Net of the 147.135 and 146.865 WVRA repeaters. This is a weekly net providing a meeting place for Amateur Radio operators interested in buying, selling, or trading amateur radio equipment or related items. In addition, questions, comments, or discussion regarding the technical aspects of Amateur Radio are also welcome and encouraged.

There will be periodic breaks to allow other stations or emergency traffic to use the repeaters. If emergency traffic comes on any system, the net will cease immediately and remain on standby until the situation has been resolved.

When you check into the net, please give a full exchange of calls. That is, my call, followed by your call, then if you have traffic or no traffic. I will now accept check-ins for the net. Please call (your callsign) .

Mid-Net Promotion

Besides the 147.135 and 146.865 repeaters that this net is on, the WVRA also sponsors repeaters on 52.890, 224.640, and 444.100. All repeaters normally require a PL tone of 114.8, but are open repeaters. The WVRA also sponsors a packet node on 145.030, an APRS digi on 144.390, and WINLink 2000 node on 145.610. You are invited to join us at our monthly meetings on the first Tuesday of every month. An amateur radio operator's license is not required for membership. Anyone interested in amateur radio is welcome. Meetings are held in the staff lounge of the Marshfield Clinic, 2727 Plaza Dr in Wausau, at 7:00pm. Please park in the employee lot and use the West Side entrance of the building.

Net Conclusion

This ends the WVRA Wednesday Night Net. The next club meeting is Tuesday, _____, _____ at 7:00pm at the Marshfield Clinic in Wausau.
